PROFILE

I'm an expert symfony developer (6+ years in symfony framework) with extensive experience in building high quality sites. Having 5 years of experience range from building responsive mobile sites that work well cross-browser to building scalable sites for the industries like Hospitality management with social media, Staffing, Financial, Real Estate, Travelling, Mobile recharge, IPTV and ISP recharge, Online Magazine, Online Store, Job Portal and Portal for Online Video etc.

I would like to work on projects with a team (or individually) that cares about creating beautiful and usable interfaces. It's important to me to build long term relationships with clients, so I'm primarily looking for long term projects.
